

With
SEEDS and FLAGS of HOPE!

**No, I don't fully understand
I'd like for YOU to talk
Come, Take my hand and out we'll go
May be easier ~ as we walk.**

With head bowed low, and shoulders slumped

With tears, on reddened cheeks

**A heartfelt sob, with sigh or
two**

This broken human, speaks.

**{Life has NO joy right now, for me
Each day just blurs along
I hardly sleep, then morning comes**

And shows again, what's wrong.

**I'd really ~
rather
NOT be
here**

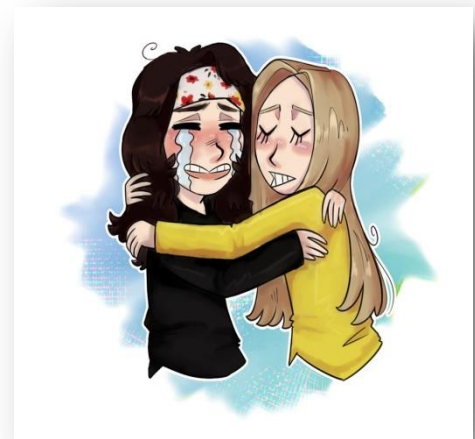

**Upon this
earth, at
all**

**I just can't
seem to
make things right,**

I'm in this ~ constant fall.}

**Oh Human One, I feel so sad,
YOUR pain it is so deep;
I thank YOU for this sharing time
So, with YOU, I can weep.**

**I will not be presumptuous
And say, Get-Over-It!**

**I'd rather, work along with YOU
To help YOU, Move this... (*****)...**

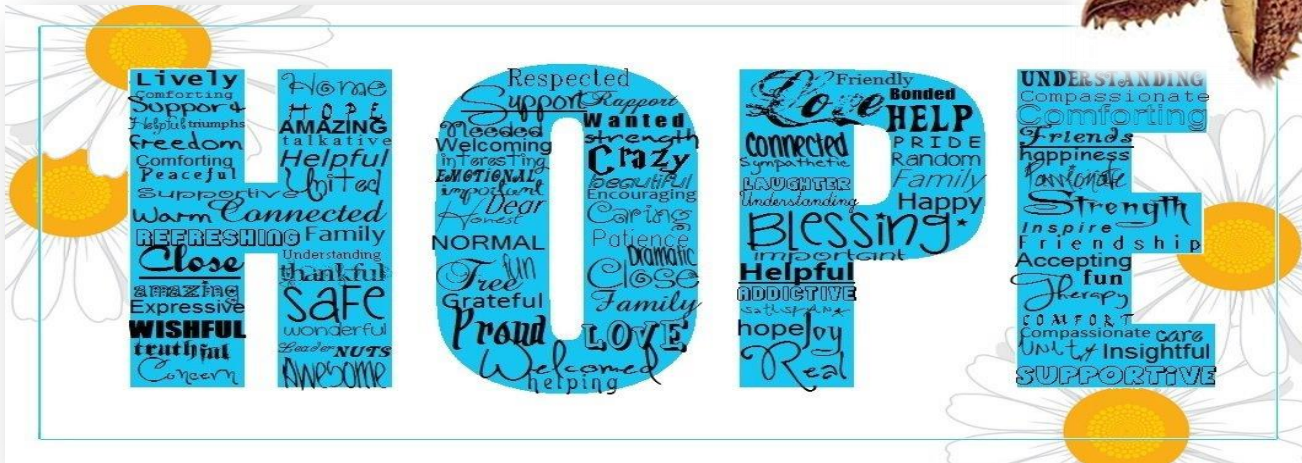

**{{You fill in the blanks ~ for indeed
every personal situation is
different}}.**

I may not be the expert

I'm like YOU ~ strong and weak

But maybe, some things that I've learnt

Will be, what YOU do seek.

If YOU will let me help YOU build

YOUR place, within our world

Then let's together, nut things out

With HOPE ~ on FLAGS ~ UNFURLED.

And as we cross another's path

From life's rough ride, we'll know

That they, may also need a hand

Of "HOPE SEEDS" ~ Let us sow.
